# THE ROBISON FAMILY & DRY CREEK RANCH

Dry Creek Ranch was established in 1907 by John and Inger Sabe. As the ranch was passed down through the generations, Haley knew her dream was to take over the family ranch. She met Max in 2014 who had the same passion for ranching and the rest is history! They got married in 2017 and had their first son, Max Odell, in 2019 and welcomed their second son, Hayes Oscar, in 2021. Haley and Max now run registered and commercial Red Angus cattle.

Dry Creek Red Angus started in 2015 when Haley bought her first set of registered cows. Since then they have continued to expand their herd and improve genetics. It is their top priority to raise efficient, practical cattle that top the charts in their growth and longevity.

This year the majority of our registered cows had heifers, which we are excited to add back into our herd. However, we were able to purchase a great set of pairs from Chris & Diana Elwood in Volberg, MT. The bulls we are offering this year are primarily from the Elwood herd. We are excited about the calves we have to offer and look forward to what these cows will do for us in the future!

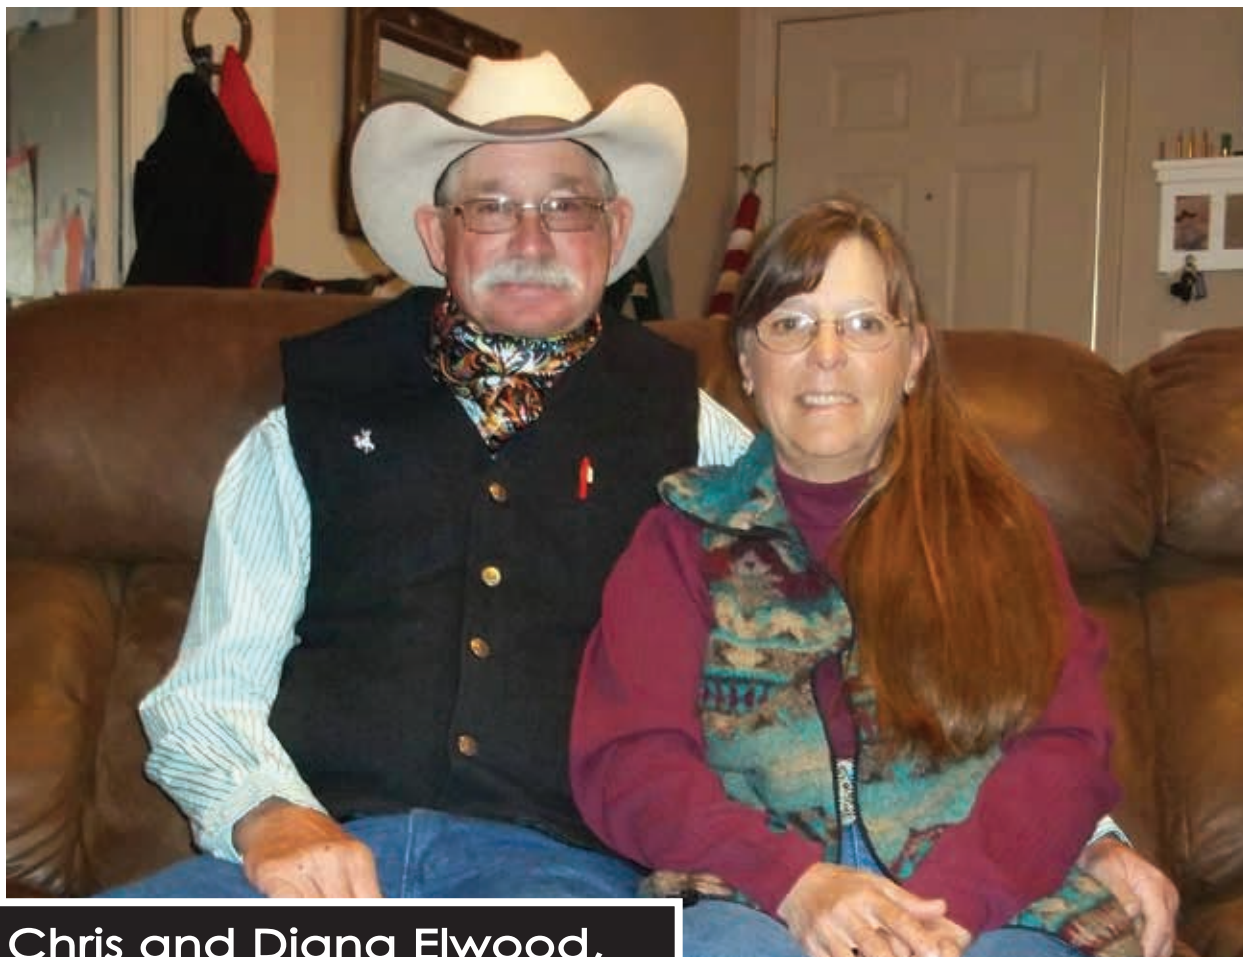

# THE ELWOOD FAMILY

We started our small herd of cows with 6 heifers we bought from Mark Peiper, and built from there. We bred our cows to bulls with good feet and bone structure for a moderate sized cow. We really enjoyed our cows and all the folks we met along the way.

Due to dry years, no grass and high priced hay we made the to decision to put the girls up for sale, it was a hard decision with many tears and much discussion. That's when Max and Haley saw the ad we posted and came and looked at our girls, and they said they would buy them. We could tell from the get go they were going to a good home where they would be loved and well cared for and would carry on what we started. Both Max and Haley have a love for the land and their livestock and now 2 boys to carry on their legacy.

We had the opportunity to help them work the cows this fall and see them and see the calves, it was such a blessing to see them and see they were happy. Thank you, Max and Haley and God's blessings to you and your beautiful family.

Chris and Diana Elwood,  
7V Quarter Circle Red Angus

This bull is one of our favorites out of this bunch. He's one that immediately catches your eye when you walk into the pen with that dark cherry red color. He's heavy muscled, put together super smooth, and has a great disposition. His calving ease and maternal traits put him in the top 8% in the Herd Builder Index.
